When and where does the HVAC Association meet?

The HVAC Association meets on the first Thursday of each month at McFarland Supply, 1001 East 14th Street, Sioux Falls, SD, unless otherwise specified. Dinner will be provided at each meeting, the cost of which is covered in your membership dues.

You are invited to join the Sioux Falls HVAC Contractors Association to make a difference in your industry. If you have questions, please call Cameron Dyvig, HVAC Association member, at 605-338-2652.

Sioux Falls

Contractors Association

Education and network for
Heating, Ventilation
and Air Conditioning professionals
In Sioux Falls
and the surrounding area

What is the

Sioux Falls HVAC Association?

The Sioux Falls HVAC Association is a trade association that exists to provide an educate its members so they can provide professional HVAC services in Sioux Falls and the surrounding area. The association promotes safe use of quality heating products through positive relationships between our members and the community.

The HVAC Association provides its members opportunities to enhance professionalism through communication, education opportunities and social activities. Regular meetings allow members to work together to remain abreast of issues facing the HVAC industry. The source of the Association's strength lies within its volunteer membership and information sharing.

ON MEMBERSHIP

"I enjoy being a member of the Sioux Falls HVAC Association because it is a great opportunity for me to get together with members of my industry to discuss issues we face every day. What a fantastic networking opportunity!"

-Amy Bruner, Sioux Valley Energy

Who is part of the

Sioux Falls HVAC Association?

The Sioux Falls HVAC Association is comprised of heating, ventilation and air conditioning contractors, HVAC students and other professionals affiliated with the HVAC field.

Benefits of Membership

- Meeting other members of the HVAC field
- Networking with HVAC equipment manufactures and suppliers
- City inspectors attend nearly every meeting to explain new codes and answer code-related questions
- Learn about new products and services available in the HVAC industry

ON SCHOLARSHIPS

"Achieving an education is a tough road. The HVAC Association scholarships help provide students with the assistance they need to obtain a rewarding career in the HVAC industry."

-Paul Tunge, Southeast Technical Institute

Scholarships

The HVAC Association is a strong supporter of HVAC students. Every year, the association give three to four scholarships to exemplary Southeast Technical Institute students who are pursuing training in heating, ventilation and air conditioning.

Education

At each monthly meeting, the HVAC Association hosts a different educational speaker so that its members may keep up with the latest trends in the industry. The speakers are HVAC industry experts in many fields. The following are examples of topics the HVAC Association meetings have covered:

- Duct sizing
- Indoor air quality
- Proper combustion and safety
- Code compliance and inspections

Events

Annual Member Appreciation Steak Fry
Fall Furnace Fix-Up
Annual Casino Night

ON THE FALL FURNACE FIX-UP

"Carbon monoxide can kill people if you are exposed to it for an extended period of time. It's a good feeling knowing you are helping someone out. It is very rewarding, and it's easy to do."

-Mark Lamb, Frisbee, Inc.
